If you visit Eighton Lodge we believe you will see for yourself why it is the perfect home for yourself or a loved one. As a family-run company we pride ourselves on offering care without compromise and we pledge to provide the best care, accommodation and facilities in a relaxed and friendly environment.

'Wellburn invests £1.5 million a year refurbishing our homes.'

Activities

Stimulation and relaxation is a very important part of the care we offer. We focus on a balance of one-to-one and group activities, depending on the choice of the residents.

Our residents are consulted and have input into our activity programme, which changes monthly. Examples of activities held at Eighton Lodge include board games, music and dancing, arts and crafts, baking and flower arranging. We also have our own minibus to use for regular trips and excursions.

'We buy from over 35 local food suppliers; thus supporting local farmers and producers.'

Other services

Medical attendance is provided by the local GPs. Residents can continue with their own doctor should they move within the immediate area.

A Chiropodist visits every eight weeks and a visiting Dentist and Optician provide annual check-ups, although additional visits are arranged to suit individual needs. Also on hand are a Hairdresser, who comes three times a week, and Physiotherapist and Aromatherapist, who also visit frequently.

Accommodation and facilities

At Eighton Lodge accommodation is provided for 47 residents in 45 single and two one twin-bedded rooms, the vast majority of which are en-suite. Fourteen of the bedrooms are allocated to people with dementia. There is no segregation only an understanding that these residents need added care and support.

Residents may, if they wish, personalise their room with their own furniture and possessions. There is 24-hour room service, tea, coffee and other refreshments are provided on request and all rooms are equipped with television and telephone points. A lift is provided for easy access to first floor rooms.

There are two large lounges available for those taking part in activities, enjoying company or quieter moments. A colour television and DVD player is available, along with an in-house film/music library and large print books. One of the lounges is known as the sun lounge and is the ideal place for residents to spend time with their families. A conservatory that leads onto our large gardens also adds to the sense of space.

Two dining rooms mean residents can enjoy meals together if they wish. All of our produce is locally sourced and is, in many cases, organic, and a varied menu of freshly cooked dishes is provided. Special diets, such as vegetarian or gluten-free meals, are also catered for.

Our large, highly impressive gardens provide the perfect tonic for residents who enjoy being out in the great outdoors.

'Our gardens have won over 25 Awards over the last three years.'
